

Monday 10AUG09: John U Lloyd State Park Shoreline Assessment

On Monday Sector Miami received a report of tar balls on the beach at John U Lloyd State Park. A PI team was sent to conduct a shoreline assessment. The team surveyed to above area. The team counted between 200-250 tar balls within the area and the tar balls ranged in size from a dime to a silver dollar. The team conducted a second survey after high tide and the results were the same.
